

INVITATION

International Kingdom Expo 2021 - Virtual 28 July - 02 August 2021 (Online)

Sindyán for Entrepreneurship and Development in partnership with the Jordan Investment Commission, the Jordan Chamber of Commerce, the Jordan Chamber of Industry, have the honor to invite you to attend the activities of the International Kingdom Expo 2021 , the Kingdom's first international exhibition and conference, which will be held virtually from July 28 until 02 August 2021.

Virtual exhibitions and conferences have become one of the most important pillars on which countries rely in communicating and promoting their products and services due to the circumstances imposed by the Covid 19 pandemic on the world. Accordingly, and within our common goals to support and empower the Jordanian economy, we decided to held this virtual exhibition and conference, the first of its kind, on one of the best virtual conference platforms, which will allow many companies, factories, service providers, and all exhibitors to communicate directly with potential customers and partners from all over the world.

The Expo will represent the best opportunity for audiences from all over the world to communicate directly with the stakeholders through instant chat (writing and live video), presentations and explanatory videos, as the approved platform for this event combines the rules of traditional exhibitions and elements of social and professional networks through a main page of the exhibition, an accompanying virtual conference, virtual booths for each manufacturer, company, service provider or exportable product, and virtual meeting rooms suitable for exchanging information and forging partnerships and joint deals (Attached a detailed file about the Expo benefits).

Accordingly, we have the honor to invite you to attend and participate in this exceptional event by registering on the official website of the Kingdom's Virtual International Expo via the following link:

We thank you, and we look forward to welcoming you through your presence with us in this important event, which will constitute a qualitative leap and provide better opportunities for direct communication with all Jordanian national economic sectors.

Sincerely, the Joint Organizing Committee
